**Happy New Year! Thanks to the club and members
that have made this club so great to be a part of.**

Let's make 2011 just as great!

From the Left Seat:

Welcome to another year. I hope everyone had a great Christmas and got lots of airplane stuff under the tree.

The Christmas meeting and dinner was superb. Dinner and company were excellent. Thanks to Curtis and Don for all the time and effort setting up dinner and the 94th Aero Squadron really takes great care of us.

At the January meeting I'd like to start laying out the issues and events we would like to tackle and host, so come prepared to discuss. I've already gotten requests to host a Pattern contest and an IMAC contest, both of which are fun events and make significant contributions to our treasury. One issue that's been mentioned is a little tighter control of turbine flying at the field, to that end Barry Mattingly and Paul Stenberg have authored an excellent document that the club as a whole needs to be aware of since changes to turbine procedures and piloting may, and I stress may, be forthcoming.

I'd like to express my appreciation and thanks for all the hard work the outgoing board members have invested in making our club what it is today, so if you see them at the field, please thank them for all they've done for us. Don Madison - outgoing Secretary, Ron Stark - outgoing Treasurer, Mark Lukens - outgoing Field Marshal, Derek Post - outgoing Safety Coordinator

And finally a welcome to the new members of the board;

Frank Gagliardi – Secretary

George Sager - Treasurer

Sandy Sanderson - Field Marshall

Don Van Gundy - co-Safety Coordinator

with Don Robinson

See you at the field

Jerry

From the Right Seat:

I hope everyone had good Christmas and New Year's day. The first weekend of the new year was great weather, I for one made use of it, by doing something that I have not done in a number of years. I spent the weekend at the club flying model airplanes and helping one of our students get some flight time. It was great flying models, taking down the lights and the tree at home, its hard to ask for anything more. Oh maybe one more thing someone to put it all away in the attic for me (maybe next year).

This coming year we will build on all that was positive for the club in 2010, at the January meeting I should have most of the dates ready. For the members that are always ready to help I Thank You, this year I hope to see more stepping up to help. This is a great club to be a member of.

As always I Thank You for your Help

Curtis

**Miramar Radio Control Flyers
Minutes of the Meeting**

**Held at the American
Legion Hall**

President called the meeting to order at 1900 hrs.

The meeting was “abridged” to have a great dinner for the club members with their significant others.

A great thanks went out to the members that were part of the board for the 2010 year. The club also thanked members who were recognized for their contributions to the club with their time and effort.

For the incoming 2011 board, there are a mix of seasoned board members with a mix of new members. Thanks to all the members that accepted to be nominated for the 2011 board. It’s much more refreshing to see that more and more members are willing to help support the club and serve as board members and as chairpeople as designated by the board.

And for those who are the new board, looks like Jerry and Curtis have a lot planned for discussion in the January meeting. Let’s make 2011 as productive if not more than last year.

Meeting adjourned at 2015 hrs.

ITEM TO BUY OR SELL

I'am looking for a kit to buy that Hobby People used to sell. It is the Global F8F Bearcat Profile fuselage. If kit not available, maybe someone has the set of plans for one. Ron Stark
